G is for skills in a Group

Taking turns, sharing resources, encouraging others, taking the lead and being a good team player are vital skills, not only for school but also for later life. One of the most effective ways to learn these vital skills is in playing games with others- board games, card games, playground games and made-up games.

Musicport Festival - There are a number of free events available during half term starting with a Festival Parade on Friday 21st (tonight) starting outside the Co-op on Langbourne Road and ending at the Whalebones. For full details of all events visit their website:

BRITISH VALUES

As we approach the half term holidays, many children are getting excited about Halloween. Although this is an old British tradition, it is important to remember that it is not celebrated by everyone. With this in mind, we hope that you have lots of fun whilst respecting other people's wish not to be involved.

Monster Bash Over 100 children enjoyed our Halloween disco. Well done for the fantastic behaviour. A big thank you to Richard Saltmarsh for keeping the children entertained and to the FOSS members for their hard work.

Ladies' Night Tickets are now on sale from members of FoSS or the school office. Only £2.50 each, which includes a hot drink or mulled wine. Come along and start your Christmas shopping, treat yourself or just socialise with friends. There will be a variety of stalls including a raffle, chocolate tombola and refreshments.

REMEMBERING THE SUMMER OF 1916 - RED WHITE & BLUE FUNDRAISER

We, along with the rest of the UK, dressed in red, white and blue to remember the momentous events and huge sacrifices of the Battle of the Somme, 100 years ago. We had a great day raising a fantastic £116.07. Thank you for your support.

Share Aware - Help your child stay safe on social networks, apps and games

Many children now have smart phones. This is another place where children can potentially be unsafe. The NSPCC is running a campaign called 'Share Aware' to support parents and carers who want to help their children stay safe on their mobile phones. This includes two short, animated films aimed at parents of primary-age children to open up discussions on sexting and safe texting. Their website also has a wealth of other resources to help support child safety.

**NORTH YORKSHIRE
FIRE & RESCUE SERVICE**

Halloween is fast approaching and we encourage parents to be vigilant and be aware of the potential risks with fancy dress costumes and naked flames or fire. Please keep children away from candles used around this time - we recommend using an LED equivalent. Please only buy costumes with "CE" label this is a declaration by the manufacturer that they comply with Toy Safety Regulations. Please read and follow the instructions and safety information carefully. Most importantly we want everybody to have fun and stay safe.
