

# Stakesby Community Primary School

## Sport Premium Report 2016-17

### Principles

At Stakesby Community Primary School:

- We ensure that teaching and learning opportunities meet the needs of all our pupils.
- We recognise that there are many benefits to ensuring that all children participate in sports or other physical activities:
  - Develops strength, mobility and physical endurance
  - Supports the establishment of healthy lifestyles for life
  - Helps in weight control, especially important in light of current levels of childhood obesity.
  - Develops social skills especially team work
  - Develops friendships
  - It is fun!
- Our intention is to use additional funding in three ways:
  - to broaden our provision to offer a wider remit of activities;
  - to train staff so that the provision becomes sustainable into the future;
  - to consolidate existing provision.

### Allocation

- Sport Premium Funding is universal and therefore our aim will be for maximum benefit for all our pupils, including and especially those that may not ordinarily see themselves as 'sporty'.

### Provision

Our typical current provision includes:

- Weekly 2 hours of PE teaching for all pupils, one hour delivered by specialist Sports coach.
- Swimming for all ages from Year 1 - a block of 5 weeks per year.
- Voluntary clubs (according to term) for football (KS2/KS1/Girls), rugby, tennis, netball, rounders, dodgeball, kwik-cricket, gymnastics, athletics, multi-skills.
- Participation in local tournaments and leagues.
- Participation in one-off taster events - Orienteering, Hit-the-Surf!, Try Golf

- Bikeability training for Y5/Y6
- Outdoor adventurous activities - Forest Schools activities from Reception -Y6
- Residential Outdoor Adventurous Activities - 3 day stay in Y4, 5 day stay in Y6

**The Additional Sport Funding allocation for 2015/2016 (£9,000) was used for:**

| Activity  | Groups Involved               | Impact  |
|---|-------------------------------|---|
| <p><b>Sainsbury's School Games Mark</b></p> <p><b>Gold Level</b></p>  | <p><b>Reception to Y6</b></p> | <p>Building on the successful achievement of the Silver Level last year, we have successfully gained the Gold Level meaning that all children receive at least 2 hours PE per week and the majority of children participate in extracurricular activity. We have also identified and supported children who are showing talent in gymnastics, swimming and team sports.</p>   |
| <p><b>Dance</b></p>   | <p><b>Y1-6</b></p>            | <p>Groups completed a 6 week block each of additional teaching with a specialist dance teacher, culminating in a whole school performance for parents/carers at a local secondary school in July. All children spoke about their enjoyment and were visibly more confident and coordinated at the end of the teaching. Parents and carers were very impressed that all children had been given the opportunity to learn and perform.</p>  |
| <p><b>Outdoor Adventurous Activities on the School Site</b></p>   | <p><b>Reception to Y6</b></p> | <p>Shelter building, tree climbing, orienteering and other adventurous activities have now been successfully incorporated into the curriculum. Children are all highly motivated to take part and work together to achieve. This has proved especially popular with children normally shy of traditional sports. Parents have also noted the excitement and engagement of their children (and the mud!).</p> <p>The purchase of a TeePee enhanced provision so that adventurous activities could take place during inclement weather.</p> <p>Staff have now completed or are in the final stages of completing their Level 3 Forest Schools qualifications.</p> |
| <p><b>Whitby Cluster Events</b><br/>(Contribution to maintain the role of School Sports Coordinator for the Whitby Cluster including organisation of cluster taster events)</p> | <p><b>KS1 and KS2</b></p>     | <p>Large participation in local tournaments, competitions and events meant that as many children as possible were able to experience PE in a competitive environment or try out new physical experiences. (eg surfing, golf).</p> <p>Many children took part enthusiastically in extracurricular clubs in Football, Cross Country, Rugby, Cricket, Dodgeball and Netball.</p> <p>Many children represented the school at local events. They won the level 2 finals (Whitby and District) in Football, Rugby and Cricket and the level 3 final (Ryedale Area) in Cross Country, meaning that some children represented the school at County level.</p>           |

|   |                                    |   |
|---|------------------------------------|---|
|   |                                    | All Year 2 and Year 3 were funded to attend a Multi Skills Festival held at a local secondary school.   |
| <b>Development of PE teaching at Stakesby</b> | <b>All teaching staff</b>          | Training was targeted at NQT staff and those early in their teaching career. CPD was provided through shadowing of the sports coach, demonstration lessons and supported planning. These staff are now demonstrating greater confidence in their PE provision.  |
| <b>Trained PE staff to cover</b>              | <b>All pupils</b>                  | Continuity of PE provision was maintained by using trained PE staff to cover when resident coach took groups out to tournaments.  |
| <b>Additional Swimming</b>                    | <b>Y1 and specific Y6 children</b> | Careful timetabling meant that Y1 were able to experience a block of swimming which would otherwise not have taken place.<br>Additional swimming tuition to targeted Y6 pupils meant that all Y6 children left Stakesby able to swim 25 metres.   |
| <b>Development of Sports/Play Leaders</b>     | <b>UKS2</b>                        | Our Year 6 Play Leaders received training from our sports coach. They organised and ran, very successfully, the KS1 and Early Years Sports Events in the Summer Term. Parents commented on how well the event ran and the maturity of the Play Leaders.<br><br>They also helped to publicise and run the whole school Race For Life which was held on the school field. |

**The Additional Sport Funding allocation for 2016/2017 (£9,000) has been allocated for:**

|         |  |                            |   |       |
|---------|--|----------------------------|---|-------|
| Ongoing | <b>Dance</b>   | KS1 and KS2                | 6 week block per class in curriculum time with a performance for parents/carers at the end the year.  | £1200 |
